REPORT OF THE FIRE DEPARTMENT

The fire department answered 28 calls this past year. There were 8 general alarms, 4 house, 2 barn, 1 garage and one mill.

They answered 4 mutual aid calls, two in Hillsboro, one in Bradford and one in Washington.

There were 4 chimney fires, 3 car fires, 3 resuscitator calls, 1 drowning and 5 miscellaneous.

Due to the dry season the fire department hauled over 40,000 gallons of water to 22 homes with their tank truck.

A new addition measuring 20 by 56 feet was added to the fire station and a two-inch water main was installed in the station so the trucks can be filled inside. The firemen and friends contributed many hours of labor to finish the addition. Several people also donated materials.

A very gerenous gift was received by the town for the use of the fire department from Ronald T. Lyman, Jr. New radio equipment, boots, helmets, coats and rescue equipment were purchased.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and the more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking materials and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires

endanger property and lives.

We wish to thank your for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

HEALTH OFFICER'S REPORT

December 31, 1964

Selectmen:
Town of Henniker
Henniker, N. H.

Dear Sirs,

The past year, the health of the community has been very good. Only sparsely isolated cases of childhood diseases were reported, without any danger of epidemic proprotions spreading thorughout the township.

All complaints registered with the undersigned, were investigated as to being a potential health hazard, and if so, were remedied.

The bi-monthly water samples of the Cogswell Spring Water Works were taken into the State Board of Health Department for testing. All were found to be exceedingly good.

Respectfully submitted,

GEORGE M. PARMENTER, SR.

Health Officer

The Henniker Police Department is what we call "Part Time" because the officers have to work on their regular jobs to support their families. Although, in some cases, officers take time off their regular jobs to take care of an emergency; but the people are covered "Full Time" or 24 hours a day. This is accomplished by: 1. A Police Phone in the Chief's home and one in the Henniker Pharmacy. That is to say, whenever the Police Phone rings, someone will take your call and give you service. 2. If in an emergency, a local policeman is not available, our State Police give us full cooperation and render their services. Also, there is a "Blue Light" System. When an officer is on duty and a call is received, a "blue light," located on top of the telephone booth by the Esso Station, is put on which alerts the officer who immediately calls the Department for details. Time and money is saved.

Some of the major activities handled by the Henniker Police Department during the year are:

Telephone calls received	324
Parking Tickets	292
Motor Vehicle Accidents	41
Messages Delivered	15
Dog Complaints	27
Breaking and Entering	29
Prowlers—Complaints	4
Family Problems	4
N. H. State Hospital	3
Missing Persons	4
Assisted other Police Depts.	6

Aid to Motorists	3
There are numerous miscellaneous calls and complaints answered	196

In addition to the above, the Department renders its services in many other ways such as painting the lines in the square, traffic patrol holidays, weekends, etc., Community Center, High School, N.E.C. Activities and participated in the School Safety Program. The officers attended Police Training School sponsored by the State Police January through April—weekly.

Our income for the year is $973 broken down as follows:

Parking Tickets	$530.00
H.H.S. Games	55.00
Donation—Kelton Oil Co.	10.00
Reports—Accident	16.00
N.E.C. and Misc. Activities	182.00
	$793.00

PROPOSED BUDGET 1965

Wages for: Traffic, Parking, Criminal, Misc.	$4,000.00
Telephone Coverage	150.00
Telephone Net	170.00
Dog Constable	300.00
Equipment	400.00
Supplies	200.00
	$5,220.00

The Police Department has an article in the Town Warrant for 2-way radios, costing approximately $1,000. This would take care of our need for a home base unit and at least 2 car units.

Henniker is one of the few remaining towns in this area which does not have this very necessary equipment. Much

police work is done by a single individual, often at night, and in isolated areas. If an emergency should arise, he has no way, at present, to communicate with other police officers. An automobile accident call is usually answered by one policeman. He is required to stay at the scene of the accident, and must rely on the kindness and efficiency of passing motorists to relay any necessary messages for medical assistance or other police officers.

The 2-way radio we request will provide instant communication between Henniker law enforcement officers and will enable us to make better use of our Blue Phone and Blue Light Systems already in operation.

The members of the Police Department wish to thank Norman Parmenter for his time donated to "Blue Phone" coverage, The Henniker Fire Department, Sheriff Department, Dr. Francis Brown, Mrs. Mailette, Board of Selectmen and those who rendered their services during the past year.

1964 REPORT OF THE HENNIKER PARK BOARD

During the season of 1964, the Parks of Henniker received the usual maintenance, plus improvements. Water hydrants were installed at Woodman Park and the Common at Ramsdell Road, and Memorial Day Gardens were planted in both Parks. More dead trees were removed at Woodman Park and a Blue Spruce tree was planted in the Common at Ramsdell Road.

The Athletic Field had additional improvements, Goal Posts, Plates and Bases were provided, planks have been purchased for bleacher seats and more gravel was supplied

The old entrance to Azalea Park was demolished due to the new addition to the Fairhouse. A new entrance is under consideration, it would be a nice addition to add wrought iron scrollwork to trim the old sign of black and gold, said sign being in good condition.

In June the Park Board asked the State to improve the base of the "Stop" sign in Proctor Square, after this was done, permission was granted the board to plant flowers in the base. Many favorable comments were received from townspeople and visitors who noted this improvement.

Although the General Park Fund shows a deficit for 1964, the expensive projects have been completed and we hope to stay within our allowance during the 1965 season.

ANNUAL REPORT

HENNIKER PLANNING BOARD

The Henniker Planning Board met regularly each month in the Town Offices during the past year. Meetings are open to everyone and many interested people attended. We hope Henniker citizens will continue to attend our meetings because such participation is essential to sound planning and good town management.

The purpose of the Planning Board is to help the Selectmen and the town in studying improvements and/or problems facing Henniker's future. Other towns' experience has pretty well shown that when intelligent planning is done, sound growth follows. On the other hand, when problems are ignored, or left to solve themselves, the results are not always in the best long-run interests of the town.

The Planning Board worked in many areas during the past year, all important to Henniker. The problem of inadequate signs and lights at the intersection of Dodge Hill Road and the two Concord Roads was explored. As a result of our efforts, improvements have been made by the state, and more are in the works. We asked Senator Norris Cotton for a mail box in the square. We learned through him, however, that the Post Office Department does not allow such mail boxes in villages not having house to house devilery. Several new businesses were also welcomed to Henniker.

Perhaps the most important thing we did was to send a questionnaire to Henniker citizens, asking for their suggestions and advice on ways to make Henniker a better place in which to live and own property. The response was very favorable, with over 90 percent of the replies encouraging various kinds of construction action to improve Henniker.

We appreciate this kind of support, because it means that people care about their town, and want to see it improved. We want to act on every suggestion as time allows.

Many of the answers to the questionnaire showed that people would like to see the town kept traditionally New England. Some would like to see the Proctor Watering Trough back in its original place. Others would like to see the Mortar and Pestle on the corner by the drug store. Still others spoke of the many happy days spent at the Henniker Inn, and were pleased to see it being kept up. Many thought it would be nice to use the name of Henniker Village instead of just Henniker. Professor Francis Childs said an area around West Henniker used to be called Henniker Village, and that name is being used by a number of folks even today. The feeling seems to be that the folks who settled Henniker were the kind who built a clean little village and kept it that way without too much regulation or without too many people who didn't do their bit. Therefore we think if each and all of us would work along the lines of exhibiting civic pride and responsibility, we could accomplish a great deal.

A lot of people have already been doing much along these lines. Our fire department, our park commission, the schools and the library are wonderful examples of what some dedicated people can do for Henniker. We want to thank them for all they've done, and encourage them to keep right on doing a good job. The people of New England College deserve a great deal of credit for what they've done to help Henniker. They have done a great service in the way of renovating buildings, putting up new ones, providing employment for many, and paying taxes. We think that the town and college can work together in order that Henniker will become one of the finest towns in the state of New Hampshire.

As a result of our past year's meetings, the many fine suggestions we've received, and the progress Henniker has made so far, we'd like to make several recommendations for future consideration. We honestly believe these thoughts will go a long way toward making Henniker an even better place to live.

1. We start referring to Henniker as Henniker Village in keeping with our New England heritage.

2. We support our town officials to the very best of our ability. This includes giving them our suggestions on how to improve Henniker, and our full support in helping them carry out the suggestions.

3. We encourage people to keep up their property in such a way that it's a credit to themselves and to Henniker instead of being an unsightly mess. We question if a person has the right to neglect his own place to such an extent that it hurts the property values of others in the neighborhood, thereby hurting town taxes as well.

4. We organize a junk automobile clean-up week to get rid of all the abandoned vehicles within the town. These things are a real eyesore and belong in a town dump big enough to take them. If some junks are being kept for parts, they should be screened from view as the state laws provide.

5. We believe Henniker must eventually design some moderate building codes to maintain itself as a desirable New England village. Otherwise it eventually will be flooded with those families being forced away from other towns that do have and enforce such codes. This action is going to become more and more desirable if our tax rate is to remain fair and reasonable.

STATE OF NEW HAMPSHIRE
SCHOOL WARRANT

To the inhabitants of the School District in the Town of Henniker qualified to vote in district affairs:

You are hereby notified to meet at the Cogswell School Auditorium in said district on the 9th day of March 1965 at 1:00 P. M. to act upon the following subjects.

Polls open at 1:00 P. M. and close at 8:00 P. M.

Articles in Warrant will be taken up at 7:00 P. M.

1. To choose all necessary officers for the ensuing year.

2. To hear reports of Agents, Auditors, Committees and Officers chosen and take any action relating thereto.

3. To choose Agents, Auditors and Committees in relation to any subject in this Warrant.

4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of statutory obligations of the district.

5. To see if the district will authorize the school board to make application for and to receive in the name of the district such advances, Grants-in-Aid or other funds for educational purpose as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.

7. To see if the district will authorize the creation of a Cooperative School District Planning Committee of three qualified voters, of whom at least one shall be a member of

the School Board, the three to be appointed by the Moderator, to study the feasibility of the Henniker School District becoming a member of a Cooperative School District.

8. To transact any other business that may legally come before said meeting.

Given under our hands this 15th day of February 1965 at said Henniker.

SUPERINTENDENT REPORT

There have been only a few changes in the teaching staff in Henniker this year. Mr. William M. Doolan is the new Social Studies teacher and Mrs. Mary A. Anderson is the new Commercial teacher. These teachers were replacements for Mr. Gauthier, who accepted a position out of state, and Miss Lake, who obtained a position nearer home.

The supply of teachers continues to be short and of course this affects salaries. The New Hampshire teachers have introduced a bill in the legislature to make the minimum salary for beginning teachers $5,000. Although this bill may not pass, we are certainly headed in that direction. Massachusetts already has such a law and some towns in New Hampshire have already adopted this figure as their minimum starting salary. Each year more towns will reach this figure forcing still more towns in this direction.

I mentioned the Interim Commission report of Education in the town report last year and stated that I felt it did not meet the needs of this section of New Hampshire. It did however, stimulate the Cooperative School concept. In the past year there has been a decided jump in the number of communities forming cooperatives and the number who are studying the possibility of such a cooperative. The new cooperatives are in the following areas: Lancaster and Whitefield, Enfield and Canaan, Bristol, Wolfeboro and Plaistow. Those now studying the cooperative are: the Penacook area, Wilton area and Bradford, Hopkinton, Warner and Webster. Whether these communities will vote to adopt the Cooperative School concept only time will tell. Certainly the committee has spent hours and hours studying the possibility and are now ready to report to the people in these communities.

I can say this about the study. It isn't going to be any cheaper in a cooperative, but the quality of the educational program is going to be considerably better, particularly in

some areas of the program. I would say that generally we do a pretty good job in our schools for the college bound youngster although we can do better. Unfortunately this group comprises only about 30 to 35% of our graduates. The other 60-65% can be provided a much better program to meet their educational and vocational needs in a cooperative school.

I feel reasonably sure that there is growing interest in Henniker and within the next ten years the cooperatives will have grown tremendously in New Hampshire. I also believe that the Legislature and the State Board of Education are going to make it increasingly attractive to become a member of a cooperative.

Many changes have taken place in New Hampshire in the past ten years, and the next decade will see even more sweeping changes. These changes can only be justified if better education is provided for our children. You will be asked to consider some of these changes and what you decide will be important to the future lives of boys and girls of Henniker. May you choose wisely.

WILLIAM C. STERLING,

Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

The graduating class of 1964 reflected the fulfillment of our goals for the youth of this community. Six out of seventeen graduates entered a four year college, two entered two year colleges, two entered the armed forces have returned and are gainfully employed, one is getting married soon and the remaining six are employed in the area. Two who are working are seriously considering returning to four year colleges. Certainly, our graduates fared much better than graduates form the schools throughout the state when compared statistically.

This is due to increased emphasis on the importance of treating each individual as an individual with problems unique to himself alone. Our program of studies provides for great diversity and individual progress.

The citizenry came through with flying colors during the "Dollars for Scholars" campaign and I'm sure that this program provided incentive and encouragement for many youngsters who otherwise would not have been able to go on to further studies. With fifteen good prospects this year the need will be even greater.

We are all pleased here at the high school when we hear reports from other schools concerning the good behavoir of our students when they are visiting those schools. By maintaining high standards of courtesy, scholarly achievement and discipline, we hope to impart to the student high cultural values that will guarantee success after graduation. One thing that we need more of is communication with parents concerning their children and the educational programs. May we invite one and all to visit our classrooms while in session, to converse with the teachers and the principal, to attend PTG meetings, to witness athletic contests, to make

suggestions for the improvement of the school and thereby establish a close bond with the schools.

The staff of teachers at Henniker High School are to be congratulated for an excellent spirit of cooperation and hard work. They are the bedrock of our educational system and through them we can prepare our children for success in the world. On behalf of them may I extend appreciation for the fine educational climate that is always present in Henniker.

Respectfully submitted,

THEODORE E. GLADU,
Principal

SCHOOL LUNCH PROGRAM

The School Lunch Program was in operation from September 16, 1963 to May 22, 1964. During this time there was a total of 24,414 lunches served, of which 508 were free or at reduced cost, 529 were served to adults, with a daily averaged of 169.

One thousand five hundred fifty eight dollars and fifty five cents worth of Government Surplus Commodities were received for a total cost to the Program of $77.24. These commodities play a large roll in helping us to keep the cost of the meals at a minimum, with the raising cost of foods.

A large baking oven was purchased and installed in the kitchen this past summer. This is a great help to us in the preparation of the meals.

My thanks to those who donated their surplus garden vegetables to the program last fall, as they not only helped our budget but added variety to the menus.

A sincere thank you to all the teachers for their fine cooperation, and especially the Grammar school teachers who gave so much of their time helping to make this program a success.

ERCEL STERLING,

Manager

CHARLES H. TUCKER, *Town Clerk*

TO THE CITIZENS OF HENNIKER:

An Annual Report of the activities, recreation, and finances of your Community Center.

Starting off the year of 1964, the Henniker Community Center organization had many goals to shoot for if we were to prove our worth with the fine young people of our community.

I would like to review the year of 1964 by starting with our agreement with you young boys' band from Antrim, N.H. This musical group of young men, known as the "Standouts", started playing every Saturday night at our hall for teenage dancing. These dances soon proved to be not only a profit scheme for the Center but most important, they were of great entertainment and social value for all our youth. Our Henniker boys and girls, we soon found out, were easily and gracefully making friends with school children from towns over a fifty mile area.

Along with the brisk cold of winter and a hall of inadequate heating facilities, we went into the Town Meeting of Henniker a year ago this March with a strong belief that our people would stand behind our cause and vote to validate an article asking for twenty-five hundred dollars. This money, should we win your support, would pay for installing a new forced hot air heating system on the lower floor of our Center and leave us one thousand dollars to make other improvements and help maintain operations.

We were overjoyed with the "Yes" vote on our article and, in behalf of all the men at the Center, I wish at this time to express our appreciation for the generosity you applied to our program. With our building properly heated, we knew now that with plans for new restrooms and kitchen facilities we could make our hall acceptable to clubs, lodges, etc., for their meetings and get-togethers free of charge.

With the kind donation of stamp books from mothers and gifts from many of our youth-loving merchants, we very successfully sold enough raffle tickets to buy many games and start into one of the greatest baseball programs this town has ever known. In finishing out our winter months, we kept our doors open as much as possible for game playing, etc. This was minimized somewhat by lack of chaperones.

We sponsored basketball every Saturday morning at the high school for young boys. Thanks to a fine job of guidance, and the coaching of Joe Clement, bowling at Hillsboro and at Buston's Recreational Center here in Henniker gave challenge to other children. Transportation and planning were all under the Community Center program.

On Memorial Day we chose to have Open House at the Center, with game playing, saftball for mothers and daughters and baseball for dads and sons. Refreshments, music by our own "Vectors" band, and a drawing for all the merchant's gifts on the raffle were some of the highlights.

About this same time, in fact, before Memorial Day, we started construction of our new small-fry baseball field. Without giving you all the names of tradesmen, laborers, heavy equipment, etc., that was used by donation, I can save two pages of script in this report, so I would just like to again express thanks to all who came through for us.

Yes, Spring brings baseball to minds of many boys here in Henniker. From the ages of eight to seventeen these boys talked of this, baseball! With earnest, heart-spent hours, three age group teams were organized, uniformed and equipped with the finest baseball equipment available. We were proud of our three teams; we won a lot, lost a few, but most important, all had a lot of fun. The season ended with the Tri-Mountain Little League baseball jamboree holding its big day here on our grounds. Weare, New Boston, Hillsboro, Bow, Hopkinton and Henniker all participated that day to wind up baseball for 1964.

This month of August was a big one for the Center. Our building, looking like new with its white lustre finish and green trim, was ready to host our annual auction. Chairs, lamps, beds, tools and appliances, yes, everything imaginable poured into the Center and on August 3rd William Smith and his partner from Hillsboro performed a sale of perfection, with all the gaiety of an old country auction. This showed another great profit for our Henniker Youth Program.

August 28, 29 and 30 were days of fun, family frolics and dancing. Yes, Family Carnival came to Henniker with kiddie rides, adult swings, food concessions, penny pitching, candied apples, and a whole lot of other goodies for young and old. We had not expected too much more than to clear our expenses on this day but wanted everyone to enjoy this new time of joy with us. We are happy that all our plans fared well and this proved to be a worthwhile week-end.

All of this time, throughout the summer months, dancing continued once and sometimes twice a week long into the Fall. We are happy to mention our thanks at this time to three fine young bands that have cooperated with us many times here with dances at the Center. The "Crossfires" from the University of New Hampshire, the "Standouts" from Antrim, and our own boys, the "Vectors", from Henniker. I will also mention that we had little difficulty at any of these dances. Our regrets for a few bad rumors that have no meaning. These we can always refer you to our worthy chief, Calvin Tucker.

As we made money, we also spent. Here inside our building we are now proud of a fine heating system, new rest rooms with all new plumbing fixtures, new drinking fountain, and all new partitions for remodeling our kitchen. Here again, donations from New England College fraternities have brought a kitchen range and a piano. We also received a stereophonic record player in memory of Commander Tucker Smith. We have enjoyed many gifts of dishes, pots, pans, and kind deeds from New England College.

A Hallowe'en party at the Center, co-sponsored by the P.T.G., hay rides for the fraternities, gifts sent at Thanksgiving all lead us toward Christmas and our wind-up of 1964.

This year, as in 1963, we again gave out gifts and candy at the elementary school. With the sale of Christmas trees and decorations in front of the building we now looked forward toward New Years.

On New Years eve, we all enjoyed a New Years Ball at the Center, and here we said goodbye to "64", a year of hard work, fun, and accomplishment. This year's ball was a great success; we enjoyed a profit, had fun with many of our dear friends, and made our resolutions for a bigger and better year ahead, "1965".

At the start of the new year we first fixed a private room downstairs for the new kindergarten quarters. Here, children now can be warm, and protected in play during bitter winter days. We also have the cancer dressing society each week using the downstairs for their meetings. The Contoocook Valley Artists Association just recently started coming here to do their painting.

Again this winter Joe Clement has given every Saturday morning to small fry basketball. Our town team in Henniker this year, winners of the Tri-Mountain League trophy, now wears Henniker Community Center uniforms and new warm-up jerseys, supplied by the merchants.

We will soon be finishing our new ball park; seeding, new dugouts, bleachers, scoreboard, outfield fence, etc., are all a part of our plans.

Before I close, I want to bring your attention to a financial report, furnished by our worthy treasurer, Mr. Knowlton. In this respect you will find we have included January 1965 so that we might thoroughly show by record expenditures of town funds.

Thank you for all the support given to the Community Center. We will look for you this year at our suppers, auction, baseball games, open house, concerts, and all our other projects. Join with us, attend our meetings every Monday evening and remember to keep your odds and ends for the auction.

It is in consideration of what you read here in this report, I pray you will feel our need and respect that the small appropriation of one thousand dollars we ask the town for this year is only a small portion of what we will need to fulfill our plans for "65". Please vote "Yes" to the Henniker Community Center question. This vote of confidence, I am sure, will long be felt here where our first concern always will be the children of Henniker.

"Chuck" Hazen, Secretary
Henniker Community Center
